- DAYTON OFFICE

Location of Bell Aircraft Facilities on the Niagara Frontier

1. Bell Aircraft Corporation's main plant is located between Buffalo and Niagara Falls, New York, in the Niagara Frontier area. The Niagara Frontier has a population of well over a million persons.
2. Single homes and apartments are available within the cities and in the residential suburbs. Excellent schools and shopping centers are conveniently located.
3. The Niagara Frontier is famous for its spots of historic interest and beauty and our friendly neighbor, Canada, is just a drive across the Niagara River.
